Professional Summary

3rd-year B.Tech student with strong fundamentals in software development and frontend web technologies. Proficient in JavaScript, React, and modern UI development, with experience building responsive, component-based web applications and deploying live frontend projects. Seeking a Software Engineering Internship to strengthen core engineering skills and contribute to real-world projects.

EDUCATION

Indian Institute of Information Technology Bhagalpur   **August 2023 – July 2027**
Bachelor of Technology in Computer Science and Engineering   *Bhagalpur, Bihar*

Akalank Public School (CBSE)   **July 2020 – May 2022**
Intermediate   *Kota, Rajasthan*

Delhi Public School (CBSE)   **July 2018 – May 2020**
High School   *Hathras, Uttar Pradesh*

SKILLS

Languages: C++, JavaScript, Python, HTML5/CSS3.
Technologies: React, Next.js, Tailwind CSS, Git, GitHub.
Relevant Coursework: Data Structures and Algorithms, Operating Systems, Object Oriented Programming, Database Management Systems.

PROJECTS

Jharkhand Tourism Platform ↗ | *Next.js, JavaScript, Tailwind* | *Live link* ↗ | *Source Code* ⚪   **Aug 2025 – Oct 2025**
- Developed the frontend of a tourism web application using React and Next.js, focusing on responsive layouts and reusable components.
- Designed 10+ interactive UI components including destination cards, maps, image galleries, and a modern hero section to improve navigation clarity.
- Implemented client-side routing and dynamic UI states for exploring destinations and itineraries.
- Planned backend and API integration for future phases.

Personal Portfolio Website ↗ | *HTML, CSS, JavaScript* | *Live link* ↗ | *Source Code* ⚪   **Jul 2025 – Aug 2025**
- Designed and developed a responsive personal portfolio website to showcase projects, skills, and achievements.
- Implemented clean layouts, smooth navigation, and mobile-friendly design to ensure accessibility across devices.
- Continuously updating the site to reflect ongoing projects and technical growth.

Netflix Clone (Frontend) ↗ | *HTML, CSS, JavaScript.* | *Live link* ↗ | *Source Code* ⚪   **Jun 2025 – Jul 2025**
- Built a static, responsive Netflix-inspired UI using HTML and CSS, focusing on layout accuracy, styling consistency, and component alignment.
- Implemented responsive design techniques including Flexbox and media queries to ensure usability across different screen sizes.
- Replicated pixel-level UI designs with 90% visual accuracy, improving CSS structuring and layout consistency.

ACHIEVEMENTS

Hack4Bihar 2025 | National-Level Hackathon
- Selected as a **Finalist team** at Hack4Bihar 2025, competing at the national level against teams from multiple institutions.

Smart India Hackathon 2025 | Institute-Level Qualifier
- Successfully cleared the institute-level screening round of **Smart India Hackathon 2025**.

CERTIFICATIONS

Career Essentials in Generative AI | Microsoft & LinkedIn | Certificate ↗
- Completed a certification program covering fundamentals of **Generative AI**, responsible AI usage, and real-world applications.

ServiceNow IT Leadership Professional Certificate | ServiceNow | Certificate ↗
- Completed an enterprise-focused certification covering **IT architectures, strategic planning, and IT project & program management** in professional service environments.

Code in Place | Stanford University | Certificate ↗
- Successfully completed a **6-week intensive Python program** focused on problem-solving and core programming concepts.
